

DIGITAL MOBILE KEY

The Digital Mobile Key (CMD) was created in 2014 as an incentive to use a secure means of authentication with universal access. It was designed for Portuguese and foreign users to access various public and private portals in Portugal, allowing them to digitally sign documents, if and when necessary.

portuguese citizens can activate the CMD by associating a Portuguese mobile phone to their Citizen Card.

Foreign citizens can activate the CMD by presenting the following documents:

ILVA VILA
LEGAL EXECUTIVE

- a) Passport from the country of origin or Portuguese Residence Permit;
- b) Portuguese Social Security Identification Number (NISS);
- c) Health Center Number;
- d) Portuguese Tax Identification Number;
- e) Portuguese or foreign mobile phone number.

These requests with the Passport or with the residence permit can be made at a branch of the Espaços Cidadão (Loja do Cidadão) network.

Foreign citizens residing outside Portugal can make their application at a Portuguese consular post abroad.
